Shen Wei Brendan Looi

318 W Prospect Rd – Fort Collins, Colorado – United States

I am a senior undergraduate in Applied Mathematics at Colorado State University. I have a passion for mathematics and programming, in the way that we can use mathematical concepts to improve and optimize the world around us in a progressively digital world.

Education

Colorado State University

Fort Collins, CO

- $^{\circ}$ Bachelor of Science in Mathematics, Concentration in Applied Mathematics Computer Science $\,$ Graduating May 2021 $^{\circ}$
 - **Relevant Mathematics Coursework:** Fourier and Wavelet Analysis, Numerical Analysis, Abstract Algebra, Ordinary/Partial Differential Equations, Advanced Calculus of One Variable, Projects in Applied Mathematics
 - Relevant Computer Science Coursework: Software Development, Information and Coding Theory,
 Post-Quantum Cryptography, Mathematics of Information Security, Data Structures, Discrete Structures

Research Experience

Clebsch Map Modeling of Cubic Surfaces

Colorado State University

Jan 2020 - May 2020

- Department of Mathematics Dr. Anton Betten
- Developed novel solutions for optimizations of non-trivial implicit surface modeling
- Probing surface representation spectra for real world applications including cryptography and tessalation
- Worked in Maple, MATLAB, Python, and C++

Visualization and Quantization of Implicit Surface

Colorado State University

Department of Mathematics - Dr. Anton Betten

Aug 2020 - Dec 2020

- Exploration of exotic mapping methodologies for physical data visualization and surface property characterization
- Optimized tools for topological analysis of compute heavy implicit surfaces
- Applied ideas from Coding Theory, Differential Geometry and Group Theory

Technical Skills

- O Programming Languages and Frameworks:
 - Languages: Bash, C, Matlab, Maple, C++, Java, JavaScript, Python, LATEX
 - Frameworks: Haskell, Android API, Sagemath
- o Mathematical Skills:
 - Able to recognize shifting priorities within theoretical problems and their applications
 - Advanced ability to utilize software to solve problems within the scope of mathematics
 - Quickly and efficiently apply different concepts within mathematics to real-world problems
